

Terms of Service

Terms of Service - Services & Payment Terms

NordSecPro provides advanced cybersecurity services tailored to the US market, including but not limited to:

- Penetration Testing (PenTest)
- Cloud Security Audits
- SOC 2 Compliance Assistance
- Vulnerability Management
- Incident Response Support

All services are delivered according to international security standards and industry best practices.

Payment Terms:

- Currency: USD
- Billing Model: Fixed-price or retainer-based, depending on project scope
- Invoicing: Issued by IT SECTOR S.L., Marbella, Spain
- Payment Methods: Bank transfer or secure online payment gateway

VAT (Tax Information):

For services provided to companies located outside the European Union (e.g., USA), invoices are issued without Spanish VAT (0% VAT). Each invoice will include the following note:

"Operation exempt from VAT according to Spanish VAT Law for exports of services (Ley 37/1992, Articles 69 & 70)."
